TARIK AKYOL

+905324174140 | akyoltarik@gmail.com | UTC+3

SUM

Experienced Full Stack Developer with a knack for translating client needs into working software. Expertise in DevOps, including cloud infrastructure, CI/CD pipelines, and containerized deployments. Demonstrated ability to integrate frontend, backend, and infrastructure for efficient and secure software delivery. Committed to clean code practices, automation, and scalable system architecture.

EDU

University of Surrey, 2011
BSc Computer Science

University of Bahcesehir, 2008
Voc Computer Programming and Tech

REC

- Denise Pierpoint, **Evolved Media**, Tarik has always been great to work with and is very much missed.
- Yaochu Jin, **University of Surrey**, mentor, I was the supervisor of Tarik's final year project his work independently and creatively. It was a great piece of work.
- Ali Lazim, **Intern**, Tarik is an impressive young talent. His ambition and drive are well beyond his years.

ALT

- I grow ancient wheat varieties for 5+ years in Gokceada, Turkey.
- I have two music bands that produce experimental jazz.

SKLS

Full Stack Development:
- HTML, CSS, JS, TS (react, vue)
- Node.js, Java, Python
- REST, GraphQL APIs, WebSockets
- SQL, NoSQL, Redis, Firebase
- OAuth, JWT

DevOps & Infrastructure:
- AWS (CDK.js, Lambda, EC2, ECS, EKS, S3)
- Docker Compose, GitHub Actions, Serverless Framework
- CI/CD pipeline design and implementation
- Prometheus monitoring, Linux shell scripting

Testing and Version Control:
- Git, GitHub, Git Workflows
- Agile development practices
- Code reviews, testing, and coverage tools (Jest, Mocha, ESLint)

EXP

Development Lead @ Evolved Media Solutions

July 2011 - Aug 2025, London, United Kingdom (remote)

- Led full-stack development of interoperability apps for the digital asset management domain.
- Integrated DevOps practices: CI/CD pipelines (GitHub Actions), Docker-based environments, AWS CDK.js.
- Built microservices and APIs using Node.js, ensuring high availability and performance.
- Worked closely with clients to gather requirements, deliver solutions, and provide ongoing support.

MD & Development Lead @ Splash A.Ş.

March 2013 - Dec 2017, Istanbul, Turkey

- Built and managed an office.
- Delivered software solutions for clients across the UK, NL, and US.
- Coordinated remote development teams and client communications.

Web Developer @ Freelance

Sep 2007 - Jan 2011

- Designed and developed web apps for small businesses; handled both development and deployment.
- Developed and maintained several startup projects with complex interfaces.
- Gained early hands-on experience with Linux and scripting.
